Trail's Echoes

We sincerely hope that as the years pass you can look with us through this yearbook and bring back into our minds the many pleasant memories that we have of Boone Trail High School.

The Editor

Dedication

MRS. RALPH P. HALES

For willingness to listen, encourage, and guide us through our Junior year at Boone Trail High School, and for their continued interest in our class; we dedicate this, the "Trail's Echoes" of '57.

MRS. HAL THOMAS

In Memoriam

We shall always remember Mrs. Lynda Powell who was killed in an automobile accident January 12, 1957.

Mrs. Powell taught many of us in the seventh grade and manifested her Christian life into the lives of those with whom she came in contact.

She was a great inspiration to everyone and will always be highly regarded by them.

MY SWEETEST TEACHER

Mrs. Powell was the sweetest teacher
That I have ever had.
And when I heard of the accident,
I became very, very sad.

She told us to say hello every morning,
And add a great big smile.
She said always be happy,
And for her I'd walk a mile.

She taught us to love Jesus,
And the Psalm twenty-three.
She said the Bible is wonderful,
And our hearts' biggest key.

She said she'd kiss her husband,
Every morning, evening, and night;
She said they'd tap each other,
But it wasn't really a fight.

She said she'd go to her mother's house
To give them a great big kiss.
But it was a great trip for her
That she'd never, never miss.

I'll always remember these things,
And keep them in my heart.
From her love and other's love
I'll never, never part.

When I walked into the room,
There was nothing there.
And in my heart I knew
Every morning it would be bare.

But I know that God has her,
I know she's happy with her smile.
I'll love her all of my life,
And follow down her Isle.

Seventh grade student

TO THE SENIORS OF 1957:

You have come a long way since you entered the first grade. You were then small children but now, twelve years later after many trials and struggles, you are young men and women. You have made for yourselves a good name with your co-operative spirit, fair play, and good sportsmanship.

You should try to keep your good name by showing that co-operative spirit, assisting others, striving to improve yourselves and community, doing your part and then a little more. Fair play is basis. All of you recognize fairness now; but as people grow older they sometimes lose sight of this. Keep your eyes open. Good Sportsmanship is needed in a ball game, but as the years flow by you will realize that its importance in the game of life is even more outstanding.

Your education has just begun. A foundation has been laid for the building of a great structure. Your future is now in your own hands. As you obtain new objectives, your ambitions will multiply, your capacities will increase, and your life will grow richer and fuller. But in all your success remember to have an abiding faith in the eternal Master who is always present in the time of need.

We the teachers of Boone Trail High School are proud of you and wish to be remembered by you as you continue through life.

A ROSE GROWS

We the Seniors stand today as a rose
That grew from only a tiny seed--
Watered and fed by friendships true,
Shedding help in times of need.
    As it grew and blossomed tall and fair
    Rising slowly to its height,
    We found loyalty awaiting there
    As the stars in heaven at night.
Then onward it grew with added strength
And opened in a world so new.
We saw a road of never ending length
And then were lost in the future's view.
    But we know that God will guide us,
    As we journey out in life.
    He is always there to help us
    In our sadness and in our strife.
We worked and strived together
For the past twelve wonderful years--
To reach the goal we know was worth
Our joys and sometimes tears.
    We walked the halls of Boone Trail School
    And somehow they seemed to call,
    "Stretch up until you reach your goal,
    Growing strong and straight and tall."
The time has come to say, "Farewell,"
To friends and classmates dear.
Although it's sad to have to leave,
Graduation Day is here.

Class History

As we stand at the threshold of graduation after twelve years of learning about people, places and things, we review the past and pay special tribute to those who have guided us thus far.

With Miss Valeria Womack and Mrs. Jean Pipkin to initiate us into the school routine, we could not help all future activities.

In our second year Mrs. Olean Davis and Miss Vera McLeod introduced to us the mysteries of arithmetic. A pleasant experience for part of us, but not so easily learned by others.

Well do we remember being kept in at recess by Mrs. Henderson Steele and Miss Salisbury for failing to learn the multiplication tables. With them we also progressed from block printing to a more advanced style of writing.

By the time we reached the fourth grade and Mrs. Paul Johnson and Mrs. Chalmas Stewart, we were beginning to feel self-confident and to think that we knew just about everything.

But our big balloon of self-confidence was soon deflated by Miss Elizabeth Chandler and Mrs. Fulton Patterson during our fifth year.

We crossed an imaginary border line when we climbed the stairs to the sixth grade with Mrs. Charles Ray and Miss Zula Rogers as our teachers.

Our seventh year began with Mrs. Linda Powell and Mrs. Carl Williams. After Christmas Mrs. Henderson Steele replaced Mrs. Williams and with Mrs. Powell guided us to the end of that year. This was also the year in which some of us began to show an unusual interest in athletics.

Mr. John Koonce and Mrs. Elsie Stewart reviewed with us all the things we had studied for seven years in order to prepare us for high school. The eighth grade citizenship medals were awarded to Lois Ray and Norman Baker.

The ninth grade under the watchful eyes of Mr. Titus Rogers and Mr. Jack Cashion proved to be a new and different experience. The first few days we were really confused. That year five members of our class were inducted into the Beta Club. They were Elizabeth Nordan, Lois Ray, Janet Harrington, Helen Page and Clyde Hester.

The tenth year looms large in our memory mainly because our class began to fulfill the promise of powerness in athletics and to show signs of musical ability. We were greatly encouraged by Mrs. James Seymore and Mr. E. M. McLamb and Mrs. Mary Cole.

There are many things to remember about our Junior year under the direction of Mrs. Ralph Hales and Mrs. Hal Thomas. We selected our class rings and became the first class to wear the standard school ring. Several members of our class seasons by capturing the district football crown, district runner-up honors in basketball and county runner-up in baseball. Norman Baker was named most valuable basketball player in Harnett County. For our Junior play we staged something new and entirely different; a musical comedy, which critics praised as being one of the most outstanding high school productions in this area. Near the end of the school year we honored the graduating class with a lovely banquet using a May-Day theme.

Commencement marshals were: Chief, Lois Ray; Helen Page, Janet Harrington, Clyde Hester, Elizabeth Nordan, Janet McCormick and Shelby Jean McNeill.

Due to a shortage of teachers we began our Senior year without a regular sponsor. We are deeply grateful to the Rev. J. B. Garett and to Mrs. R. A. Gray for their help and encouragement which has enabled us to have a wonderful final school year. We had lots of fun earning money for our Senior trip to New York and Washington. A few money making schemes were tying tobacco, giving suppers and plays. Shakespeare and autobiographies gave us quite a time! Again several members of our class starred in athletics bringing honors to our school. The Senior play, "They Gave Him a Co-Ed," caused us a lot of headaches and hard work, but it was a lot of fun.

Parties, receptions, football games, basketball tournaments and our Senior trip were some of the highlights of our last year.

Now our review ends as we receive our diplomas and say good-bye to our school, our teachers and our classmates.

Prophecy

It is the year of our Lord 1981 A.D. I am lying in my gravityless bed thinking of my classmates of Dear Old Boone Trail High School. I press a button and a mechanical brain begins tel-visioning what important people they have become.

The most famous engineer of our time George Stewart has just completed a forty mile long bridge. P. S. It collapsed two days later.

Helen Page is a teacher of Scorekeeping at Duke University, the first woman Scorekeeping teacher in history.

Myrtle Patterson has a hard time keeping food to her six boys who are six feet tall.

Vernard Thomas is still unmarried, just couldn't get over the habit of going steady.

Mickey McNeill was married two days after school and is now a Grandaddy. Boy, did the brain slip on that one.

Janie Mason is a beautician, she specializes in giving Elvis Presley haircuts. One of her best customers, why Franklin Holder, of course.

Genase Babb is an old maid, seems like her "feller" turned yellow.

Janet McCormick had a hard time in choosing what to be, a Baker or the real McKoy.

Worth Collins is being examined by five New York Doctors, they wonder how he conjures up that one "bright spark" an hour.

Well, Bill O'Quinn is head of the American Intelligence, he questions girl spies.

Leona Bullard has applied for a patent, she wants a patent for her unbeatable piano playing.

Sonny Baker the famous basketball star at Wake Forest has bettered Lefty Davis' record.

I see new dress styles in the paper designed by Madame Lois Ray H ----- of Paris.

Clyde Hester is married and making a comfortable living from his secret formula, "How to get along with Mrs. Seymore."

Archie Patterson famous author of the best novel seller of all time "1,000 Reasons WHY NOT TO JOIN THE ARMY."

Ralph O'Quinn has achieved fame by his voiceless singing.

Sohie Brown is a millionaire's wife, I see her maid tending six little children with blond hair.

Leonard Brown is now famous for his television show, "How to Disturb All Teachers."

There goes Melvin Thomas in the back seat of a Cadillac, wonder if it's paid for?

Cecil O'Quinn is a very successful farmer and is President of M.M.F.W.R.I.O. "More money for farmers while Republicans are in office."

I hear girls shouting, yes, it's that handsome football star, Joe Brown.

J. B. Collins is a real underwater man, he catches fish for Chemistry Classes.

Peggy Jean Sawyer is an outstanding writer, of guess what!

Naturally the top dancer of all time, Buck Cox. has taken over Arthur Murray's place.

Ralph Sloan - It has happened, Ralph changed from a Republican to a Democrat.

Willis McNeill can be seen on television as America's Number One Sports Forecaster.

Vivian Holder is a chemist, she discovered that chlorophyll would stop bald-headedness. The only drawback, it turned the hair green.

Bob McAuly is in Belgium, the Olympics you know, running in the 100 yd. dash; he is favored to win over the Russians.

Jewel Page went to the Navy so she could be with her boyfriend. She is a Captain, her boyfriend a Private.

Halford Thomas has been selected Farmer of the Year by The Progressive Farmer.

Frances Patterson is very busy. A secretary to Elvis, no less.

Wayne Dickens can be seen currently in the NBC Show called, "Giggles."

Jerry Withers majored in agriculture at State; and is widely known for his up-to-date method of harvesting cockleburs.

Shelby Jean McNeill is a teacher, she teaches young men (preferably her age and unmarried) how to drive.

Belle Mae Stewart is being put through the grind at William and Mary, she is going to France from there.

Yvonne is a well known actor of Hollywood. Got her start in the play, "How to Whistle After Eating a Soda Cracker."

Jerry Norton is editor of a new magazine called, "Easier Ways to Do Bookkeeping."

As a lady principal of Boone Trail High School, Janet Harrington will have her hands full trying to keep the "smart boys" straight.

Dorothy McPhail is a bookeeper in New York, looks like her keeping of the Boone Trail Office did some good after all.

You would think Elizabeth Norton was a farmer the way she looks after little fields.

A look into the future shows us that Beulah Bishop will be doing fine when she lands a job with the American Life Insurance Company.

Marvalee Douglas is so quiet and her past is such a deep dark secret to everybody in concern (nobody knows nothing). I quit, the brain.

Since Janero Byrd got the jump on the other girls in High School, she is considered an expert advisor on "How to Get Married." Boys, watch out!

La Hazel Morrison will lead a spine tingling life as a private lady detective.

Billy Patterson is in business, he sells blue Cadillacs, and drives a pink one himself.

As a successor to Betty Crocker, the most tempting recipes in America will be coming from the pen of Cornelia Wheeler.

[illegible] stands for Tommy House who never was all here, and hopes never to be again.

Prophet, Tommy House
